### **Access Technologies Acquires Solomon Scientific Product Lines**

We are pleased to announce that Access Technologies has completed the acquisition of the Solomon Scientific access ports, catheters, bulk tubing and needle range and it is with great pleasure that we welcome you the Access Technologies community.

All the Solomon products you have ordered in the past will be maintained, supported and, manufactured in our FDA registered and ISO 13485 certified facility in Illinois. The CE mark identifies our entire product range for both pre-clinical and clinical veterinary use, as conforming to the highest quality standards worldwide. I have enclosed our ISO Certificate for you records.

As we implement the integration process, it will be "business as usual." Our goal throughout the process is to continue providing you with the best services and the highest service level possible. As always, you can continue to count on support from the team at Access Technologies. We remain committed to this business and invested in its success

The Access Technologies journey began in 1981 under the guidance of Michael Dalton, our present president and with your support, ideas and assistance Access Technologies has made great strides in both the research and clinical veterinary fields. We look forward to being your source of infusion needs for many years.

We encourage your feedback as we continue to evolve, and if you have questions or comments; please don't hesitate to reach out to us. We encourage and welcome your input and look forward to building a long-term relationship with you.

The Access Technologies website is [www.norfolkaccess.com](http://www.norfolkaccess.com) and the contact information you might like to make a note of is:
