

TETHER & EXTENSION SET *specifications*

Tether Infusion Sets & Extension Sets

TIS Series

Blunt Needle Tether Infusion Sets

Tether Infusion Sets feature a blunt needle bonded to a Tygon extension and are used to connect a catheter to the infusion source through a tether. They can be ordered in a variety of needle gauges with custom needle and extension tubing lengths and are fitted with a female luer unless otherwise specified. Tether Infusion Sets ship sterile (EtO) in boxes of 20.

TISH Series

Huber Needle Tether Infusion Sets

Huber Tether Infusion Sets feature a Huber needle bonded to a Tygon extension and are used to access a Vascular Access Port. The infusion line passes from the V-A-P through a tether system to the infusion source. They can be ordered in a variety of needle gauges with custom needle and extension tubing lengths and are fitted with a female luer unless otherwise specified. Huber Tether Infusion Sets ship sterile (EtO) in boxes of 20.

Call for custom sizes

ES Series

Extensions Sets are available in a variety of materials, including Polyurethane, Tygon and PE-PVC Coextruded tubing in custom lengths and configurations. They ship sterile (EtO) in boxes of 10 with male and female luers and a clamp unless otherwise specified.

When ordering Extension Sets, specify the tubing material, length and luer configuration.

Examples: ES-60M/M is a Tygon extension set 60" long with a clamp & male luers on both ends. ES-7P-48M/F is a Polyurethane extension set 48" long with male and female luers.

Extension Sets

Luered Extension Lines - Catheter to Swivel connection

Polyurethane or Tygon Extension Lines with catheter connectors or male luers fit a wide range of swivels. These extension sets connect the catheter from the animal to a swivel. The connection is made with a stainless steel catheter connector or a luer on the end of the catheter.

Luered Extension Lines - Male to Female

Polyurethane or Tygon Extension Lines with various luer configurations and lengths: male-male, male-female or female-female.

Luered Extension Lines - Swivel to Pump connection

Polyurethane or Tygon Extension Lines in a variety of diameters and with female luers to fit most swivel gauges.
